**Your quality of  
life and wellbeing,  
our priority**

# medicanatumin

MedicaNatumin is a self-care group based in Habo/Jönköping in Sweden, focusing on developing, producing and marketing healthcare products based on innovative ingredients with solid scientific research.

Our starting point is to have a strong position in the Nordic market, while developing international cooperation and export business.

The foundation of MedicaNatumin's business is to offer strong brands and innovative products built on a sustainable and scientific base.

Our product categories are dietary supplements, medical devices, dermatological and cosmeceutical products.

We have all essential functions in-house; innovation and product development based on a strong patent platform, local production based in Habo, Sweden, that meets strict hygiene & quality requirements and a dedicated sales and support team.

# Contract Manufacturing

---

Let us discuss your ideas!

We at MedicaNatumin have for many years offered customers around the world the opportunity to develop their own brand with us. As a brand/OEM/concept developer, you can contact us for just an idea that we can then take care of. Or you can contact us with a concept that we can then develop further together with our experts in quality, production, purchasing, development and regulatory.

The goal is to take an idea or concept together from the development stage to production and on to the consumer.

**We offer several production solutions**

In 2012, we moved into our new 5000m<sup>2</sup> production facility in Habo, Sweden. We have a modern and high-quality production plant where we manufacture dietary supplements, cosmetic and medical devices. We adhere to, at a minimum, quality and environmental legislation, regulations and frameworks. With long experience in the industry, we have found a balance between high-quality standards and efficiency.

MedicaNatumin's modern machinery is suitable for both small and large production batches and today we can offer the following services:

- » Tablet manufacturing
- » Packaging of tablets and capsules in blisters, boxes and cans
- » Cream manufacturing
- » Filling creams, liquids and gels in different sizes of bottles or tubes

# Quality standards

---

All our products are manufactured in accordance with the applicable regulations for the different product types. We also develop and manufacture on behalf of external partners. Our production facility meets strict hygiene requirements and the air purity is checked regularly. Our production and storage facilities meet qualified climate requirements regarding temperature and humidity. We quality control all incoming materials as well as finished product against established specifications prior to release to customer.

- » Third Party Certified by LRQA / Svensk Egenvård according to the guidelines for Safe Food Supplement to Consumer
- » ISO 13485 certified for medical device
- » ISO 22716 certified for GMP cosmetics
- » GMP-permission from the Swedish Medicines Agency for packaging of herbal remedies
- » Certificate of e-labeling of pre-packaged goods
- » Audited according to SMETA 4-pillars requirement / responsible audits program
- » Third party certified for production of medical device according to 93/42/EEC, Annex V
- » FDA inspected facility
- » EU-approved food business operator according to Regulation (EC) No 853/2004 (approval no 6674)
- » Halal certified production of food supplement (Ecomer)

# Nåva® Foot Cream

All in one patented formula with fast triple action. Nåva® foot Cream is intended for treatment of foot fungus and related symptoms, such as heel cracks, calluses and dry feet.

- » Effectively treats fungal foot infections (athlete's foot, tinea pedis).
- » Effectively treats dry feet.
- » Effectively treats cracked heels.
- » Ensures an optimal microclimate for healing of the skin.
- » Fast acting and immediate refreshing feeling.
- » Good water-binding capacity.
- » Patent protected unique ingredients (Pentane-1,5-diol and Southernwood, Artemisia abrotanum).
- » Swedish innovation.

Nåva® Foot Cream 100 ml

# Nåva® Nail Gel

Patented formula. Nåva® Nail Gel is a transparent gel containing active substances that treat and prevent nail fungus.

- » Effectively prevents and treats nail fungus.  
An improvement can be seen after one week.
- » Restores moisture to dry nails.
- » Improves miscoloured nails.
- » Good water-binding capacity that ensures an optimal healing climate.
- » Provides a refreshing effect due to the Southernwood extract.
- » Preservative effect that prevents formation of bacteria and microbial contamination in the gel.
- » Patent protected unique ingredients  
(Pentane-1,5-diol and Southernwood, *Artemisia abrotanum*).
- » Swedish innovation.

Nåva® Nail Gel 15 g

# GrowAgain™

## Nurture and Care for your hair

GrowAgain is a series of products for healthy hair and scalp developed in Sweden. The products are suitable for both men and women and are easy to use in combination.

The products have a unique formula and ingredients to promote a healthy hair, to stimulate the hair to grow faster and at the same time reduce hair loss.

GrowAgain Gel A100HF contains Pentane-1,5-diol and is clinically documented with proven effect resulting in reproduction of hair and reduction of hair loss.

GrowAgain contains AnaGain™ (organic pea sprout extract) that stimulates specific signalling molecules in the dermal papilla cells, which favour the natural hair growth cycle to initiate the growth of new hair.

GrowAgain Serum contains Amaranth for volume and gloss and SepitonicTMM3, a mineral blend that enhances the active ingredients effect.

## References

Faergemann, J. and Hedner, T., The effect of A100 Gel, on Hair Growth, and Hair Quality: An explanatory study. Journal of Cosmetics, Dermatological Sciences and Applications 2016;6:19-23.

## GrowAgain™ Gel A100HF 2x15ml Strength and Care for your hair

GrowAgain A100 HF gel is based on a organic compound Pentane-1,5-diol that stimulates the regrowth of hair by increasing the water content in the outer skin layer. GrowAgain A100HF gel contains substances that create favourable growth conditions for hair loss. GrowAgain A100HF contains Pentane-1,5-diol, which increases the water content of the outer layer of skin as a solvent for substances that can block the hair follicle, including dead skin cells and tallow secreted from the glands of the hair follicles. GrowAgain A100HF also contains the unique pollen extract A100, which is rich in vitamins and minerals which are important to the growth of hair. Swedish innovation formula and ingredients.

## GrowAgain™ Supplement 60 tablets Boost and Care for your hair

Contains AnaGain Nu™, a natural ingredient that reduces hair loss and improves visual hair density. For a healthy hair and scalp and preserved normal pigmentation. GrowAgain helps maintain a healthy hair growth from within. With a unique formula of nutrients for a normal hair, scalp and nails. AnaGain Nu™ is made from organic pea sprout extract and helps stimulate growth of new hair. Bamboo extract, which is a natural source of silica. Biotin contribute to limit hair loss and stimulate re-growth. Copper keeps a normal pigmentation and zinc contributes to normal hair and nails. GrowAgain for a normal healthy hair and scalp.

## GrowAgain™ Serum 50 ml Gloss and Care for your hair

Moisturizes both hair and scalp for a stronger and thicker hair. Adds gloss and your hair will shine. (Makes your hair shine with a natural glow). Scalp skincare is a key component to combating hair loss, thinning and breakage because the scalp is where the hair follicles reside. This antihair loss serum will work to promote healthy hair and stimulate the hair to grow faster and at the same time stop hair loss. GrowAgain contains AnaGain™ for stimulating hair growth and fighting hair loss. Amaranth seed extract for a fuller and glossier hair. With a unique mineral blend that enhances the active ingredients effect, GrowAgain is a combined serum for both fuller and glossier hair and a healthy scalp.

# Noq<sup>®</sup>

A novel treatment for all types of cold sores. A topical herpes gel with unique patent protected mode of action.

- » Alleviates typical symptoms of cold sore outbreaks and shortens time to healing.
- » Effective during entire outbreak cycle.
- » Cosmetically attractive transparent gel for non-visible application.
- » No adverse events related to treatment.
- » Reduces the risk of secondary bacterial infection.
- » Patent protected active substance of Pentane-1,5-diol.
- » Swedish innovation.

# Jabushe®

## The Science of Natural Beauty

Jabushe® skincare is an active skincare with proven effect against aging skin. It has well documented effect and is based on solid Swedish research. The study behind the products was approved and reviewed by the Ethical Committée at Karolinska University Hospital in Stockholm (2001) and published in one of the world's leading medical journals, the British Journal of Dermatology, 2003:149:841-849. A unique accomplishment.

QAL-100, Jabushe's active, patented formula, is a specially composed combination of Q10, acetyl carnitine and alpha lipoic acid that penetrates the skin and activates the skin cells. It has been clinically documented that QAL-100 reduces wrinkle depth and pore size, minimizes hyper pigmentation and gives a smoother, more elastic skin with youthful glow.

All Jabushe® skincare products are developed in Sweden and manufactured in our own production facility in Habo outside Jönköping. They are also based on 100% vegan ingredients and free from parabens, mineral oils, PEG substances and micro plastics.

We believe in a holistic approach to beauty and the range therefore also includes nutritional supplements to help you boost the skin's collagen levels both from the inside and the outside.

[jabushe.com](http://jabushe.com)

### Jabushe® Original Cream 50 ml

The original product and the first one to be launched. Jabushe Original Cream is a combined day- and night cream and the most active product in the Jabushe range. It contains Jabushe's patented formula QAL-100 with visible results against wrinkles, large pores, hyper pigmentation and other signs of photo aging. Leaves your skin soft and smooth and restores its elasticity and lustre.

### Jabushe® Soft Cream 50 ml

Jabushe Soft Cream contains a lower concentration of Jabushe's patented formula QAL-100 than Jabushe Original Cream and is therefore ideal as your first anti-aging cream. A combined day- and night cream with clinically documented effect against wrinkles, large pores, hyper pigmentation and other signs of photo aging. Leaves your skin soft and smooth and restores its elasticity and lustre.

### Jabushe® Intense Moisture Protection 50 ml

Jabushe Intense Moisture Protection is a combined day and night cream that moisturizes and protects your skin from environmental stress. Adds intense nourishment for a silky feel and superior glow. Contains Nordic truffle that protects the skin and has a calming effect, shea butter that helps maintain skin elasticity and apple extract that has a long-term moisturizing effect, improves skin firmness and strengthens its natural protective barrier. Calms sensitive skin.

### Jabushe® Neck & Décolletage Cream 50 ml

Jabushe Neck & Décolletage Firming Cream adds tone and lustre to the sensitive neck and décolletage area and minimizes hyper pigmentation, wrinkles and fine lines. With jojoba seed extract that improves skin firmness and elasticity. Extract from cress and soy isoflavones evens out the skin tone and whitens sunspots. Also contains QAL-100, Jabushe's active, patented formula consisting of Q10, acetyl-L-carnitine and alpha lipoic acid, that minimizes signs of aging skin and gives a smoother skin with natural glow.

**Jabushe® Eye Cream 15 ml**

Jabushe Eye Cream minimizes the signs of aging around the eyes and reduces wrinkle depth through a mild concentration of Jabushe’s patented formula QAL-100. Also contains vitamin A - a powerful antioxidant that stimulates the skin’s collagen- and elastin production, combats formation of free radicals and reduces hyper pigmentation caused by the sun by boosting cell regeneration.

**Jabushe® 2 in 1 Cleansing Lotion 150 ml**

Jabushe Cleansing Lotion is a 2-in-1 cleanser that effectively removes makeup and impurities, leaving the skin moisturized, fresh and silky. Jabushe 2 in 1 Cleansing Lotion is enriched with pro-vitamin B5, which helps the skin to maintain its natural moisture balance and resilience, soothes stressed skin and gives it a natural glow. For all skin types.

**Jabushe® Eye Lift Serum 15 ml**

Jabushe Eye Lift Serum helps combat and reduce puffiness and dark circles around the eyes and gives a pleasant, cooling effect. The serum restores elasticity and glow to the area around the eyes. In addition to Jabushe’s patented formula QAL-100, Jabushe Eye Lift Serum also contains clinically tested Eyeseryl® and extract from stem cells. Eyeseryl® is a peptide that counteracts loss of moisture and elasticity and reduces puffiness and dark circles. Extract from stem cells helps the skin keep its vitality and youthful glow.

**Jabushe® 3 in 1 Peeling Mask 75 ml**

Jabushe 3 in 1 Peeling Mask both deep cleanses, moisturizes and adds lustre to your skin. Contains a mild PHA acid that reduces the signs of aging skin and evens out the skin tone, natural peeling beads from jojoba wax, as well as Kaolin clay that absorbs sebum and impurities. Also contains apple extract that has a long term moisturizing effect. For all skin types.

**Jabushe® Anti Wrinkle Serum 15 ml**

Jabushe Anti Wrinkle Serum reduces and prevents wrinkles effectively by spot treatment. The serum restores elasticity and lustre to the skin as well as prevents dryness wrinkles. Apply spotwise to defined lines and wrinkles. In addition to Jabushe’s patented formula QAL-100, Jabushe Anti Wrinkle Serum also contains Argireline that has a calming effect, Leuphasyl that relaxes the facial muscles, Trylagen that helps maintain the skin’s natural structure and hyaluronic acid that maintains the skin’s moisture and fills out dry lines and wrinkles.

**Jabushe® Collagen 30 sachets**

Jabushe Collagen is a carefully composed nutritional supplement for fresh skin with natural glow, shiny hair and strong nails. Contains no less than 5000 mg ASC-certified marine collagen from fish, as well as vitamin C, zinc, biotin and vitamin B5. Several studies show that Peptan® - the clinically documented, hydrolysed collagen in Jabushe Collagen – reduces wrinkles, increases skin moisture and gives a smooth, supple, glowing skin. Peptan® is highly bioavailable – 95% is absorbed by the body within 12 hours. Recommended daily dose is 1 sachet, mix with cold or lukewarm liquid of your choice.

# DERMYN®

---

## The Firming and Lifting Expert

DERMYN® is clinically documented skincare for youthful and luminous skin. All Dermyn skincare products have 100% vegan ingredients and are developed and manufactured in our own production facility in Sweden.

Dermyn's patented formula Tricutan® – consisting of Curcuma Longa (turmeric), Rosmarinus Officinalis (rosemary) and Centella Asiatica (Asiatic pennywort) works in all three layers of the skin:

**Epidermis** – Strengthens the epidermal cells.

**Dermis** – Reduces the destruction of elastin and collagen.

**Facial Muscles** – Stimulates natural contraction of facial muscles.

Clinical studies have shown that in 8 of 10 cases a measurable facelifting result was achieved within just 45 minutes, with a clear longterm effect on skin firmness and muscle tone after regular application twice a day for 28 days.

[dermyn.se](http://dermyn.se)

---

### DERMYN® Active Serum 30 ml

DERMYN Active Serum is an active treatment for loose facial skin. In addition to Dermyn's patented formula Tricutan® that treats each layer of the skin and has documented anti-aging effect, the serum also contains DMEA – together these ingredients form Tricutan® Complex. In the body, DMEA is broken down into acetylcholine, a signal molecule that helps facial muscles regain their ability to contract and relax, making the face more lively and full of expression for a natural-looking face-lifting effect. The skin regains its youthful and elastic appearance through the tightening effect of the serum.

### DERMYN® Eye Cream 20 ml

DERMYN Eye Cream is an active eye treatment that reduces wrinkles and fine lines in the eye area. It moisturizes and tightens the skin around the eyes. In addition to Tricutan Complex, DERMYN Eye Cream also contains smoothing jojoba wax esters and sesame seed oil that increases hydration and strengthens the skin barrier. There is also vitamin E – a powerful antioxidant that reduces formation of free radicals, makes the skin more elastic and increases collagen production, with minimization of wrinkles as a result.

### DERMYN® Renewing Power Serum 30 ml

DERMYN® Renewing Power Serum is an intensive face serum with Tricutan® Complex that lifts and tightens the skin. Studies show measurable results within 45 minutes that are strengthened through regular use. Contains niacinamide that reduces large pores and evens out the skin tone. Perfection Peptide P3 has a natural peeling, hydrating and smoothing effect. Ceramides moisturize and restore the skin's protective barrier. 100% vegan ingredients.

# Dietary supplements from MedicaNatumin

---

The foundation of MedicaNatumin's business is to offer innovative products and strong brands built on a sustainable and scientific base. Our goal is to contribute to a positive health trend and to provide improved quality of life through products that treat or support the different functions of the human body.

Our product offering consists of documented solutions in men's and women's health and general health all developed by our product development team in Sweden.

# Ester-C®

Ester-C® is a unique form of vitamin C containing naturally occurring metabolites of vitamin C called Threonate and Furanone. Because of the chemical structure of its components, Ester C® has a neutral pH value. Study findings demonstrate that Ester-C® causes significantly fewer gastrointestinal adverse effects such as epigastric pain, nausea, and diarrhea than are caused by ascorbic acid in participants sensitive to acidic food; it is much better tolerated.

Rapid cellular absorption and delayed renal excretion maximize Ester C's cellular concentration to provide high levels of biochemical activity.

Ester-C® offers powerful immune support for up to 24h.

- » Increases vitamin C absorption
- » Increases vitamin C retention
- » Non acidic, gentle on the stomach.
- » No GMOs
- » Clinically evaluated

MedicaNatumin offers several Ester-C® products

## Soft Gel Capsules

200 mg

For healthy adults and children who need a little extra immune defense all year around.

500 mg

For healthy adults and children who want extra immune defense during the cold and flu season.

1000 mg

For adults and children over the age of 12. An extra supplement during intensive exercise, illness or stress.

## Effervescent

200 mg

For healthy adults and children who need a little extra immune defense all year around.

1000 mg

For adults and children over the age of 12. An extra supplement during intensive exercise, illness or stress.

## Raw Material

Different grades of Ester-C® raw material can be offered depending on the need and which type of consumer product it is intended for.

We are a full service supplier carrying all 4 Ester-C® grades (effervescent, coarse grade, fine grade and chewable grade).

## Other Products

In addition to regular tablets and capsules and effervescent tablets, we can provide chewable tablets and an Ester-C® powder in sachet/stick form.

## NEW in 2021

### Ester-C® C-D-Z

Take care of your health and give your body an extra supplement that has an immune boosting combination of vitamin C, vitamin D3 and Zinc!

- 200mg Vitamin C Ester C®
- 5mg Zinc
- 5µg Vitamin D3
- 30 tablets
- 1 tablet per day
- Active for 24h

## NEW in 2021

### Ester C® Vitamin C Powder

Ester-C® Powder contains vitamin C from Ester-C® and bioflavonoids which together with vitamin C contribute to a strengthened immune system.

For ½ scoop (425mg):

- 384mg Vitamin C Ester C®
  - o Of which 321mg is Vitamin C
- 39mg Bioflavonoids

Recommended daily dose: ½ scoop per day (1 scoop = 1 mL)

# Ecomer®

---

## Alkylglycerols for a strong immune defence system!

Shark liver oil has been used for centuries for treating minor infections such as colds and influenza. Alkylglycerols can be found in all blood producing organs of mammals. In humans they occur naturally in breast milk, in bone marrow and in the spleen. The highest known concentration of alkylglycerols is in shark liver oil (SLO). SLO is a complex mixture of triglycerides and alkylglycerols Fully refined SLO contains high levels (min. 20%) of alkylglycerols.

Ecomer® is a pure natural product without any chemical additives and with a high concentration of alkylglycerols. Ecomer® promotes a strong natural immune defence system.

MedicaNatumin offers a wide range of shark liver oil products.

---

## Ecomer® 250 mg shark liver oil

- Contains 250 mg shark liver oil with a minimum of 20% alkylglycerols.
- Bovine gelatine
- 50mg Alkylglycerols
- 30 capsules/blister
- 30, 60, 120, 240 capsules per box.

## Ecomer® 500 mg shark liver oil

- Contains 250 mg shark liver oil with a minimum of 20% alkylglycerols.
- Fish gelatine
- 100mg Alkylglycerols
- 20 capsules/blister
- 20, 60, 120 capsules per box.

## Ecomer® + Omega-3 500 mg

- Ecomer plus Omega-3 is a food supplement containing 50% fish oil and 50% shark liver oil.
- Bovine gelatine
- 50mg Alkylglycerols
- 30% EPA (45mg) and 20% DHA (30mg)
- 20, 60 and 120 capsules per box

# Ruis Omega-3

## A Norwegian tradition of preserving a functional body

The foundation that shapes Ruis Omega-3 is inspired by the raw Norwegian nature with the power of the cold arctic climate and the heart warming Northern Norwegian mentality. The products are based on long traditions and new knowledge about the many health-promoting properties of omega-3 fatty acids, which support the heart, brain and the functional body.

Ruis Omega-3 is manufactured to the highest possible quality standards, in a facility that is HACCP- and FDA-approved, where comprehensive testing and R&D routines ensure the quality of the oil. Ruis Omega-3 is based on more than 100 years of medical research on the health-promoting properties of omega-3 fatty acids. The products are recommended by health care professionals, with solid expertise and experience in fatty acids.

Our bodies need Omega-3 fatty acids but can't produce them themselves. The importance of Omega-3 fatty acids intake is highlighted in several different studies worldwide.

### Seal Oil

- Natural content of Omega 3-6-7-9
  - Rich in omega-3 fatty acids; EPA 72,1 mg, DHA 87,3 mg and DPA 35,6 mg.
  - 21% of the Omega-3 content is DPA, which has solid evidence of being good for the joints
  - EPA and DHA contribute to normal heart function\*
  - DHA helps maintain normal brain function and vision \*\*
  - High quality oil free from environmental toxins
  - Produced in Norway (FDA approved facility)
- (\*/\*\* requires a daily intake of 250 mg EPA/DHA)

*Target group: From 3 years and up, for those who want a natural omega-3 oil, those who do not eat enough fish in their diet and who are concerned about good health.*

### FISH OIL; 78%, MCT and Vitamin D3

- Natural fish oil rich in omega-3 fatty acids; EPA 150 mg and DHA 200 mg.
  - EPA and DHA contribute to normal heart function\*
  - DHA helps maintain normal brain function and vision \*\*
  - Vitamin D to strengthen immune system
  - Contains MCT which is an alternative source of energy for the brain
  - Raw material from ASC-certified fish
  - High quality oil free from environmental toxins - molecularly distilled
  - Produced in Norway (FDA approved facility)
- (\*/\*\* requires a daily intake of 250 mg EPA/DHA)

*Target group: All ages from 3 years (from which they can swallow capsules), those who want a supplement of fish oil aimed at cognitive function. Those who do not eat enough fish in their diet and who are concerned about health issues. Those who want a complete omega supplement.*

### AKTIV Curcumin C3

- Rich in the omega-3 fatty acids EPA and DHA.
  - EPA and DHA contribute to the normal functioning of the heart\*.
  - DHA helps maintain normal brain function and vision\*.
  - With turmeric that relieves sore and stiff joints.
  - Patented curcumin complex with very good clinical documentation.
  - Vitamin C can help protect cells from oxidative stress and normal collagen formation, which is important for the body's normal function.
  - Bioperine (black pepper) for better absorption of nutrients.
  - Raw material from ASC-certified fish.
  - Hi! High quality oil free from environmental toxins.
  - Norwegian Produced (FDA approved production)
- (\*assumes a daily intake of 250 mg EPA / DHA)

*Target group: Women/men 50+, who are concerned about good health and a functional body. Pain in muscles and joints.*

# L'argiPLEX®

A result of Swedish research.

L-ArgiPLEX Total is the market leader and one of the most popular dietary supplements for energy, vitality and sex drive. L-ArgiPLEX has been on the market since 2003. L-ArgiPLEX Total contains three herbal amino acids: L-Citrulline, L-Arginine and L-Ornithine and a unique formula of mineral and vitamins. L-ArgiPLEX is recommended to men and women 35+ with sex-related problems or who wants to lift their sexual ability and to increase their energy level. With more energy you can enjoy all the good things in life.

**reCleanse**  
Nutrition for a healthy, functioning liver.

reCleanse is a combination product of active ingredients which support detoxification and normal liver function. reCleanse contains herb extracts and other important nutritional substances. Artichoke supports the liver detoxification process and maintains normal liver function. Schisandra contributes to the liver's normal purification function. Curcuma supports normal liver function and contributes to normal fat assimilation. Choline contributes to maintenance of normal liver function and normal fat assimilation. Vitamin-C lessens weariness.

**reVision**  
Nutrition is important for eye function.

reVision is a combination product with a mix of nutrition for the eye's function. Blueberry contributes to stabilizing the eye's normal collagen level and no other supplement on the Swedish market contains a mix of blueberry extract and AREDS formulation. AREDS-the study shows in a convincing way that oral intake of antioxidants and zinc lowered the risk by 25% for individuals with a high risk (by preference rich in soft drusen in one eye) in order to develop exudative AMD.

<https://nei.nih.gov/research/clinical-trials/age-related-eye-disease-study-areds>

**reMoist**  
For the well-being of your mucous membranes.

The sea buckthorn extract naturally contains several different fatty acids, especially Omega 7. Sea buckthorn is the plant in the world that contains most of the elusive fatty acid Omega 7. It has gone from an ancient shrub to modern superfruit. In addition to the rich content of Omega 7, there are also Omega 3,6 and 9 as well as natural carotenoids (provitamin A) and vitamin E in sea buckthorn. Vitamin E helps protect cells from oxidative stress. The carotenoids can be converted in the body to vitamin A. Vitamin A helps maintain normal mucous membranes and skin. Normally functioning mucous membranes have a lubricating function which can affect your quality of life and well-being. Dry mucous membranes are often experienced in the eyes, mouth and abdomen.

**Colizin®**  
Support your immune system

When your throat starts acting up, take a Colizin®! Colizin® is a lozenge for the throat containing menthol that has a calming effect on irritation in the mouth and throat. Colizin® also contains a proven combination of zinc, vitamins C and D, which contribute to the normal function of the immune system, as well as buckwheat extract (Fagopyrum esculentum). Take a tablet directly at the first irritation in the throat and let it slowly melt in your mouth. Then take the second tablet 30 minutes later.

**Zedopor®**  
Stop snoring naturally!

Zedopor® is a direct-acting spray that reduces snoring and effectively suppresses snoring noise. Contains a formula of vegetable oils that minimize the vibrations of the tissue in the back of the palate and the upper part of the throat. Zedopor® reduces snoring, which prevents sleep apnea, but does not constitute a treatment for sleep apnea. Zedopor® spray is enough for about 40 nights of undisturbed sleep. Registered and controlled medical device.

**Nypoizin®**

Rosehip extract contains polyphenols and anthocyanins, which are believed to ease joint inflammation and prevent joint damage. It's also rich in vitamin C, which has antioxidant properties. Antioxidants are substances that can override harmful molecules (free radicals) which are produced within your cells and which may cause tissue damage or disease. Other studies have found that it can reduce the production of specific enzymes that break down cartilage.

Nypoizin® contains more than just rosehip for the best effect. Nypoizin® includes the patented vitamin C Ester-C and two more active substances, chondroitin sulfate and Bioperine®. These four nutrients form a combination which together with their synergistic echoes, gives more than they would have done individually.

**FastTrack**  
Natural blend to stimulate weight loss

FastTrack contains a unique synergistic complex of 3 botanical extracts used in traditional medicine for centuries. Together, these active extracts work by inhibiting the formation of new mature fat cells in the body, and in addition minimize the accumulation of fat in existing fat cells - this provides effective weight loss in a natural way!

FastTrack (Slendacor®) is based on more than 5 years of research. The mechanism of action in the patented botanical complex in FastTrack, Slendacor, has been documented in 3 different scientific studies. These are published in reputable scientific journals; Food and Nutrition Sciences, Lipids in Health and Disease and Diabetes, Obesity and Metabolism.

**Bioroot® Rosenrot Forte**  
Tired and Stressed?

The dietary supplement Rosenrot forte contains a standardized, highly concentrated extract of the herb arctic root (Rhodiola rosea L.), as well as the patented black pepper extract Bioperine® (Piper Nigrum L.). Arctic root is an adaptogen with a beneficial effect on fatigue and is used to manage physical exertion and emotional stress. Arctic root also contributes to mental focus and endurance in sports. The black pepper extract contributes to the absorption of nutrients and increases the effect of other herbs.

# Sustainability

---

Within MedicaNatumin there is an awareness of our social responsibility. Our goal is to be able to meet the demands of all stakeholders and thereby conduct a sustainable business; in terms of economic, social, ethical and environmental aspects.

We adhere to minimum quality and environmental legislation, regulations and other regulations. Our actions, our commitments and all our products, as well as the service we provide, should be perceived as expressing quality.

Our production facility gets energy from our solar panels that are positioned on the roof of our production facility in Habo, Sweden.

# Ethical audit

---

In order to be able to easily demonstrate the level of our sustainability work to our stakeholders, we have undergone and been approved in an ethical review according to SMETA – Sedex Members Ethical Trade Audit. The SMETA audit, which is carried out every three years, examines the four areas of labour law, health and safety, business ethics and the environment. Membership in Sedex provides access to the world's largest collaboration platform for sharing sustainability data in the supply chain – this provides good conditions for conducting a responsible business.
